Restriping of City Roads Starts Today On North Thornton Street

CLOVIS, NM – Beginning today, March 14, 2023, San Bar Construction Corporation will be restriping city streets throughout the City of Clovis, starting on North Thornton Street. During this time, it is important for the public to use caution and not drive through fresh paint. Construction signs will be appropriately placed to mark wet paint.

The City of Clovis is working with Albuquerque based pavement marking firm, San Bar Construction Corporation. San Bar currently holds the contract and does maintenance striping for the New Mexico Department of Transportation for the entire state.
