**City Crews Will Be Out to Pick up Debris and Tree Limbs, Building Safety Reminds
Public About Repairs**

CLOVIS, NM (*May 25, 2023*) – City of Clovis crews will be out to pick up tree limbs and debris throughout the day today at residential properties. Please place all yard waste on your property's curb, not in the alley, to ease truck routes and access

All City departments and services are open for normal business hours. The Clovis Regional Airport is working to clear the runways, passengers can check their flight status and potential delays by calling (866) 373-8513.

As a result of the damage caused to area residences and businesses following the recent storm, the City of Clovis Building Safety Department would like to remind area residents and business owners to ensure the contractor they hire is licensed through the state. If the contractor is completing a full/half roof repair they should also have obtained a permit from the City of Clovis.

Should you have any questions regarding this matter, please contact the City of Clovis Building Safety Department at (575) 769-7829.
